

## SEPTEMBER 24, 2014 BOWLING PIN MATCH

The day of the match started out hot and got hotter – if that is possible. The shooters and range personnel had to deal with torrential rains off and on and a humidity level that would drown mosquitos. But the rain, the humidity, the mud all combined could not dampen the spirit of competition – and that is when things really heated up!

With less than 3.5 seconds separating first place from fourth place, it was a tight race to the finish. In the end, it stacked up like this:

1 <sup>st</sup> Place	Wayne Hubbard	19.79 seconds
2 <sup>nd</sup> Place	Fletcher McKinney	21.31 seconds
3 <sup>rd</sup> Place	Curt Bost	22.76 seconds
4 <sup>th</sup> Place	Vince Law	22.84 seconds

With the single fastest run was Wayne Hubbard with a time of 3.42 seconds. This was Wayne's second match win AND second speed run win. Congratulations, Wayne! Fletcher McKinney has not shot with us in a while and showed that he has not lost a step. Curt (Young Gun) Bost stepped up to the plate like a veteran. He continues to be a force to be reckoned with. Vince Law will always be in the race; he has good habits and championship form. Once again, Eb Spink managed to finish one out of the money. That makes two in a row...It was good to see Kellye Remson's name back on the roster, along with the other ladies that graced us with their presence, Brooke Baird and Pat Johnson.

I did not participate, so it is difficult for me to name names, but, as usual, the volunteers are what make this match run. The match director, the RSO's, the statisticians, the pin setters – nothing happens without them. All of you know who you are and what you have contributed, not just to the match but to our club. I and the other officers thank you. This is YOUR club and it will not run without YOU.

See you at the range.

Tim Courtney
