

ACSC JUNE NEWSLETTER

First, a quick reminder to everyone of the annual meeting and dinner scheduled for June 4, 2016. So far the response, as far as members reserving their dinner, has been good. The location, like last year, will be at Daniel Champion's pavilion (thanks, Daniel) on the Coke Ranch Road at 4 PM. You can check with Woody at The Sure Shot if you need directions.

The club has ONE meeting a year. This is your chance to have a voice in the direction of YOUR club. In addition to election of officers, Eb Spink, current treasurer, will have the annual fiscal statement; Woody Baird, current and long time president, will give a general overview and details of plans for the immediate future. There will be a presentation of appreciation to Terry Phillips for past service as Secretary/Treasurer. In addition, there will be a raffle for a Smith & Wesson M&P 15 for attendees only. Someone at the dinner will win this!

Our two summer competitive shooting programs are doing well. Attendance at both the Bowling Pin and Golf Ball shoots is good, competition is heated, to say the least, and the fun quotient is higher than ever. The next pin match is scheduled for Sunday, June 12 at 2PM. The next golf ball shoot is Sunday, June 19, at 2PM. If you would like to come out but are unsure of the rules and requirements, I can provide them for both events. If you don't think you have the proper equipment, come on out. One of the regulars will be more than happy to help with guns, ammo, or advice.

Donald Trump has solidified his position as the candidate of choice on the Republican ticket. With the rumors of a possible vice-presidential bid for Bernie Sanders, the Democrats have arrived at an almost perfect trifecta. An outgoing Muslim-in-Chief, a combined ticket of an unabashed traitorous liar and a Socialist headed to the convention...wow! How could you not be impressed? I'm relatively sure Vince Foster will not vote for Hillary, irregardless of her running mate. Since The Wicked Witch of the East has decided that the Second Amendment should be abolished, anyone that values their right to personal defense will not vote for her. Due to her callous treatment of the Benghazi victims ("What difference does it really make anyway?") anyone who has worn a uniform or carried arms in defense of our country or their brothers-in-arms, will not vote for her. She seems to think that by virtue of anatomy, she has the women's vote sewn up. I would not bet the farm on that, either. I know that Chelsea, Rosie, and Whoopi are beating the Hillary drum. I do not think they are representative of the ladies of the United States.

I sincerely hope that everyone took the time on Memorial Day to remember the reason for the day; the untold thousands of Americans who have made the ultimate sacrifice in securing freedom, not only for our country, but for many countries. They shall not be forgotten.

See you at the range!
