

JULY 2018 NEWSLETTER

I don't think that it's a secret to anyone that reads the newsletter or Facebook page that I am proud of our club. From meager beginnings, the strides forward have been tremendous. I am proud of the people that have made all this possible. Lots of years, lots of sweat, lots of forethought and ambition...

Speaking of Facebook, if you are not looking at our page, you're missing early opportunities. Results, notices, and schedules are generally posted there first!

Summertime is here and the heat will be a factor that will affect all our activities for the next three or four months. Such was the case in June.

Steel Challenge continues to be a growing and positive program for the club. The June match had a good turnout and some excellent scores turned in. See the Practiscore website for complete results. Thanks to the organizers and competitors!

The June Bowling Pin Match had an excellent number of shooters and great results! Steve Misencik proved that age was not a factor with his 1st place win; Scott Watson placed a solid 2nd, and our club president, Woody Baird, took 3rd.

Scheduling conflicts hurt the attendance of the Golf Ball match but did not dampen the level of competition. Congratulations to Eb Spink for his performance at 100 yards and to Tommy Glasscock for his 200 yard win. I have reached out to other clubs within the state to publicize our rimfire rifle match. With a little luck, we will see an uptick in the number of shooters.

JULY SCHEDULE OF EVENTS

STEEL CHALLENGE JULY 8 REGISTER BY PRACTISCORE SETUP BEGINS @ 12:30.

BOWLING PIN MATCH JULY 15 @ 2PM. \$10 PER GUN

GOLF BALL MATCH JULY 29 100 YARD EVENT BEGINS @ 2PM. 200 YARD FOLLOWS IMMEDIATELY. \$10 PER GUN

The mid-term elections have jumped to a new level of importance with the announced retirement of Justice Kennedy. President Trump knows that his nominee, regardless of record, regardless of race, sex, or even whether they are from this planet or not, will immediately be rejected by the Illogical Left. Their life - and anyone remotely connected - will be subjected to a level of character assassination that would normally be considered illegal and shameful. The Democrat side of the aisle will oppose anyone and everyone, dragging their feet, asking for “investigations”, trying to stop what they have already deemed a constitutional crisis. Strange choice of words from a group of elected officials that wouldn’t recognize our Constitution if they tripped over it. Support our President and support those who support him!

“The laws that forbid the carrying of arms are laws of such a nature, they disarm only those who are neither inclined nor determined to commit crimes...”
Thomas Jefferson

Enjoy your Independence Day Holiday. Remember those whose blood was spilled to guarantee your right to celebrate freedom in the greatest country on earth! See you at the range...
