

APRIL 2019 NEWSLETTER

Spring is upon us in all its' glory...and pollen. Let's hope the beginning of April is just a tad calmer in terms of weather than the early days of February and March.

There has still been no response as to any information about the individual or individuals responsible for the wanton vandalism at the club. To refresh your memory – someone took a five-gallon bucket of paint from the storage shed, placed it on the edge of the concrete slab on the pistol range, and shot it. Just a reminder, there is a reward for information about the identity of the person or persons involved in this. **IT WILL NOT BE TOLERATED.**

April returns the club to a full schedule of events.

APRIL 7 STEEL CHALLENGE Registration by PractiScore. Paul Warren and Vance Williamson are club contacts.

APRIL 28 BOWLING PINS Event begins at 2PM. Safety briefing prior to match. \$10 per gun entry fee.

GOLF BALL MATCH DATE TO BE DETERMINED!

I am enclosing the Bowling Pin Match schedule for the entire year. I encourage everyone to either print it out or save it for reference. I was encouraged by the attendance of a couple of observers at the last Golf Ball Match. Hopefully, they are encouraged to make the next step and shoot. As usual, and I'm sure I speak for all of the regulars, equipment and ammo are readily available. We want you

to shoot. We want you to learn. If we can shorten the learning curve for you, we would like to be a part of the process.

Warmer weather will increase the number of recreational shooters. **SAFETY FIRST.** Always be aware of others on the range. Always announce your intentions – **GOING DOWNRANGE! COVER YOUR EARS! GOING HOT!** Make sure you establish eye contact before going downrange to ensure the other parties understood your intent. Take a trash bag with you on every trip. Always clean up after yourself. Last – **WATCH YOUR MUZZLE!!** Make sure your weapon is not pointed at anything you are not willing to destroy. It doesn't matter if you have unloaded and cleared it. Rules are rules. Be safe, not sorry.

How long can Democrats continue being the Party of Denial? They deny that anything scandalous occurred under or during the Obama Occupation. They deny that there exists a major crisis at our southern border. They deny their endgame on the Second Amendment is confiscation of firearms from law abiding citizens. They deny the obvious – if there was really a criminal involved in the 2016 Presidential Election, it was Hillary Clinton. They have openly embraced Socialism, Communism, and Muslim representatives that endorse American hate groups. But, when confronted, when asked about this, they will deny it. They would rather see this country overrun by illegals than have a good President serve a second term.

The human race divides politically into those who want people to be controlled and those who have no such desire. ~ Robert Heinlein

See you at the range!
