

# JULY 2019 NEWSLETTER

Alabama in the summertime. Ain't nothing like it...The heat is here with no relief in sight except the occasional pop-up thunder storm. Prepare accordingly. Stay hydrated and (I speak from experience) protect yourself from the sun.

Construction traffic for our new facility is taking a toll on the road. Unfortunately, this is a necessary evil and will be part of the progress. This facility, when complete, will be a much-needed major asset for everyone in our club. It will require a step up in the vigilance paid to those who wantonly destroy what our members (YOU) have worked for.

**Please be prepared to take anything with you that you bring to the range. WE DO NOT HAVE TRASH PICK UP AT THE RANGE. Just a suggestion – take a trash bag with you. Pick up what you can and dispose of it once you return home. I know this is asking a lot, but every little act will help keep our range looking good.**

**I hope every voting American paid attention to the two days of Democratic Party Presidential debates. If there was any doubt, the slightest doubt, about whose interests are first for them, it should be crystal clear now. With candidate after candidate proclaiming what they were going to “give” voters when elected, the toll on taxpayers is staggering. Pay off college loans. Free college for everyone. Expanded Medicaid for everyone. Open borders. Free healthcare for anyone that crosses our borders. A promise to immediately begin confiscation – via buyback programs – of whatever the Democrats deem assault weapons. Promises to immediately repeal every act and / or law passed under President Trump by Executive Order – even though our economy is flourishing. Lapsing into Spanish in an unashamed attempt to appeal to Hispanic voters. All they needed was a big tent and a little, bitty car to make the circus complete. Karl Marx, Che Guevarra, Vladimir Lenin, and Joseph Stalin are probably still applauding.**
