

AUGUST 2022 NEWSLETTER

Let's cut straight to the chase on this one. Apparently, our club is either the target of vandals and childish individuals – or, more likely, we have club members who have a sense of self-entitlement. Despite my pleas, posted warnings, signs asking for cooperation, persons yet unknown continue to destroy steel targets and trash the range.

CENTER FIRE RIFLES AND / OR STEEL SHOT WILL DESTROY THE THE STEEL TARGETS ON THE PISTOL RANGES. Apparently, we have a contingent of members that cannot read. Or choose not to.

YOUR TRASH IS YOUR TRASH. This includes cans, bottles (never to be used as targets), shotgun hulls, used paper targets, etc. etc. If you would not leave it laying in your living room, take it with you. We do not have trash pick up at the range. Unless you bring your momma with you, there is no one but you. Clean up.

IF YOU SEE SOMETHING, SAY SOMETHING! We can stop this. If you are not comfortable confronting someone, contact me – everyone has my email – Scott Watson at the Sure Shot or our Mayor, Woody Baird. All we need is a tag number. As a club, we are better off without this kind of membership.

SCHEDULED EVENTS FOR AUGUST

One year ago, we were waiting on a working drawing to proceed with construction of our building. Now we are waiting for electricity. A local

contractor will provide everything necessary to bring power from the existing poles to our building and sheds. We continue in the right direction.

With the next wave of voter correction rapidly approaching, Democrats have become more creative than ever before. I have never heard so many descriptive ways to talk about a recession without mentioning recession. Paid experts are experts who will say whatever you tell them to say – and it shows. They have deemed the repeal of Roe v. Wade ‘the death of women’s’ health care’. I’m still scratching my head over that one. All the Propagandist News Network anchors are dancing around their fires because gas is down 20 cents a gallon. Don’t be distracted. Gas was up almost 3 dollars a gallon. 20 cents is smoke and mirrors. The J6 Drama School and Theater continues. “Do you know anyone that voted for Trump? Do you know anyone that owns an American flag? 3 years in prison!” It is all about theater and making the public believe a narrative – their narrative. And...just for entertainment value, let’s throw in a little monkey pox. Now declared a national emergency, the parameters and infectious capabilities suggest, according to medical statistics, that 98% of the reported and treated cases of the “outbreak” have been with men who sleep with other men. Does this rise to the level of a national health crisis or is it pandering to a small percentage of the population? Our tax dollars at work...

See you at the range!
